STATEMENT OF ETHICAL CAMPAIGN PRACTICES

As a candidate for public office in Flagler County, I understand positive campaigning helps promote civility and encourages citizen participation in the electoral process. Therefore, I commit myself to the following practices:

1. I will run a campaign emphasizing my qualifications for office and my positions on issues of public concerns and I will limit my criticism of an opponent to legitimate challenges to that person's record and qualifications.
2. I will condemn any appeal to prejudice based on race, religion, gender, age, national origin, political party preferences, marital status or physical disability.
3. I will not publish, display or circulate any anonymous campaign literature, political advertisements, emails, websites, blogs, social media posts, texts, etc., nor will I permit members or volunteers of my campaign organization to engage in such activities.
4. I will provide campaign finance reports which accurately reflect the contributions received and expenditures made.
5. I will not permit members or volunteers of my campaign organization to engage in activities designed to destroy or remove campaign signs lawfully displayed on public or private property.
6. I will not permit the use of untruths or innuendos about an opponent's personal life.
7. I will at all times tell the truth, with complete documentation from legitimate, verifiable sources for any charges against my opponent(s), and substantiate claims about my own record by using the same standard.
8. I will not use or permit use of campaign material that falsifies, distorts, or misrepresents facts.
9. I recognize that duty to my country, my state, my county and the responsibility for my own ethics outweigh any personal ambition for public office.
10. I will not permit any member of my campaign to engage in these activities and will immediately and publicly repudiate the support of any other individual or group which resorts to the methods and tactics that I hereby condemn.
11. I will make every effort to ensure members and volunteers of my campaign organization are trained to campaign outside 150' from the polling place entrance in compliance with state law.
12. I will make every effort to ensure members and volunteers of my campaign organization are trained to practice civility at all times and especially while they are working at polling places in Flagler County.
