Florida is a Closed Primary State

A closed Primary in Florida means that only voters who are registered members of a political party which has candidates on the Primary Election ballot may vote for that party's candidates. Voters with no party affiliation are not eligible to vote for party candidates in a Primary Election. A party change must be made 29 days prior to a Primary Election. However, all qualified voters regardless of party affiliation or no party affiliation can vote in the following races appearing on a Primary Election ballot:

- All candidates in the same race have the same party affiliation and the winner will have no opposition in the General Election. (This is known as a Universal Primary Contest.)
- Nonpartisan judicial and school board offices.
- Nonpartisan municipal (city) offices.
- Statewide or local referendum questions.

In a General Election, all registered voters may vote regardless of party affiliation.

References: Sections 100.061 and 101.021, Fla. Stat., and Article VI, Section 5(b), Florida Constitution.
YOU MAY REGISTER TO VOTE IF...

- You are a U.S. Citizen
- You are at least 18 years of age
  (may pre-register at 16, but must be 18 to vote)
- You are a legal resident of the State of Florida and of the county in which you wish to register

Anyone convicted of a felony or declared mentally incompetent with respect to voting may not register or vote until his or her civil rights or competency has been legally restored. Amendment 4, effective 2019, restores voting rights to felons who have completed all the terms of their sentence, including fees and restitution.

HOW TO REGISTER

You may register to vote using the Florida Voter Registration Application in person at the Elections Office, Driver’s License Offices, Public Libraries, HRS Centers and State Offices that serve persons with disabilities. You may also register by mail by printing an application from the Elections Office web site at www.Flagler Elections.com or by picking up an application at one of the Flagler County Public Libraries, Post Offices, City Halls, the Elections Office or other public locations. You can register to vote online at RegisterToVoteFlorida.gov

WHEN TO REGISTER

You may register to vote at any time. However, registration books close 29 days before each election. You must be registered for at least 29 days before you can vote in an election. If you mail your registration application, the date your application is postmarked will be your registration date. If your application is complete and you are a qualified voter, a voter information card will be mailed to you. Your Flagler County voter registration will allow you to vote in national, state, county elections. You may also vote in city elections if you live in a municipality.

PARTY AFFILIATION

You may register in any political party of your choice or register with no party affiliation. However, only registered party members may vote in their party’s Primary Election. Nonpartisan judicial and school board offices are included in a Primary Election. All registered voters are entitled to vote on these nonpartisan offices and on any referenda or amendment items included in a Primary Election.

EXCEPTION: If all candidates for an office have the same party affiliation and the winner will face no opposition in the General Election, then all qualified voters, regardless of party affiliation, may vote in the Primary Election for that office.

During county-wide General Elections, all voters in a district will receive the same ballot and may vote for any candidate or question on the ballot.

The unity of freedom has never relied on uniformity of opinion.

CHANGES IN REGISTRATION

It is the responsibility of the voter to notify the Elections Office of a name, address or party change. You have many options to make these changes, you can either call the Elections Office at (386) 313-4170, complete a voter registration application to mail in the change or update your registration online at RegisterToVoteFlorida.gov. Your voter registration can also be updated in person at the Elections Office.

UPDATE YOUR SIGNATURE

It is important that the Elections Office has your current signature on file. This is especially important when validating your signature on a Vote-By-Mail ballot and/or candidate or initiative petitions. If your signature has changed, you may update it at any time by submitting a voter registration application to the Elections Office. These applications are available at Libraries, Government Offices and Post Offices or by calling or emailing the Elections Office to have an application mailed to you. You may also print an application from the Elections Office web site: www.FlaglerElections.com

YOUR VOTER INFORMATION CARD

A voter information card is not a required form of identification at the polling place. This card is for your information and lists your representative districts based upon your residential address. Each district is listed along the bottom of your card. Find the district for U.S. Representative, State Senate, State House, County Commission, School Board, Special and Municipal districts and match these numbers with the district numbers listed in this guide to identify your elected officials.

WHEN TO VOTE & WHAT TO BRING

You may vote by mail during the scheduled early voting period or you may vote on Election Day. Polls are open on Election Day from 7:00 a.m. to 7:00 p.m. and you must vote at your assigned precinct. All Florida voters are required to present picture identification, as well as signature identification when voting in person. The following forms of identification are outlined in Florida law and will be accepted by Election Officials:

- **Florida** Driver’s License
- **Florida** Identification Card (issued by the FL Dept. of Motor Vehicles)
- U.S. Passport
- Debit/Credit Card (with photo or signature)
- Military or Student ID
- Retirement Center ID
- Neighborhood Association ID
- Government issued Employee ID
- Public Assistance ID
- **Florida** Concealed Weapon License
- Veteran Health ID (issued by the Dept. of Veterans Affairs)

**PHOTO & SIGNATURE IDENTIFICATION IS REQUIRED**

If you do not present a valid and current picture and signature identification at the polls, you will be required to vote a provisional ballot.
Our Voting System

VOTING IN FLAGLER COUNTY

Flagler County voters use the DS-200 Digital Scan Precinct Tabulator when voting in person.

Each voter at the polls will receive a paper ballot inside a secrecy folder. The voter records their vote by completely filling in the oval next to the candidate or issue of his or her choice by using the pen provided in the voting booth (black pen if voting by mail ballot).

After voting, the voter takes his or her ballot to the DS-200 tabulator and inserts it into a slot on top of the machine. The scanning device reads the votes cast and deposits the voted ballot into a locked ballot box.

With the DS-200 voting system, if you overvote a race (voting for more candidates or issues than allowed in a race) or if you leave your ballot completely blank, it will be returned to you when you insert the ballot into the ballot box. This gives you the opportunity to correct your ballot so that you can be sure that every vote counts. If you need assistance to vote, you may request the assistance of two election officials or another person of your choice.

If you make a mistake on your ballot, you may return that ballot to the Elections Official and obtain another ballot. Florida law states that you may obtain up to two replacement ballots. If you have requested a ballot by mail and choose to vote in person, your ballot issued at the polls is considered your second ballot.

HOW TO MARK YOUR BALLOT

INCORRECT INCORRECT CORRECT

Fill the oval completely.

UNIVERSAL MARKING DEVICES

In April 2017, in compliance with state law, Flagler County upgraded the voting system to include one accessible, ballot marking device with audio capability per precinct to allow voters with disabilities to vote in secret and without assistance.

The ExpressVote Universal Voting System utilizes touch-screen technology that produces a paper-based record for tabulation. Headphones are available for the option of an audio ballot. A Braille keypad can be used to make choices on the ballot. The ExpressVote will not allow a voter to overvote a race and will alert the voter if a race is left blank. This equipment allows any voter with a disability to vote independently and without assistance. It's also helpful for voters who need high contrast or large text display.
Any registered voter may vote by mail. A mail ballot may be requested for a specific election or for all elections through the next two regularly scheduled General Elections. The request can be made in person, by telephone, by mail, or by using the online form (visit [www.FlaglerElections.com](http://www.FlaglerElections.com)). Requested ballots are mailed approximately five weeks before an election. Later requests are mailed as they are received. Only the voter or a designated member of his or her immediate family or legal guardian can request a ballot for the voter. Immediate family means the voter’s spouse or the parent, child, grandparent, or sibling of the voter or of the voter’s spouse. Vote-By-Mail ballots are not forwarded by the U.S. Postal Service so please provide your mailing address at the time of the request. Ballots mailed to an address other than the address on the voter registration record require a written request with the voter’s signature.

DELIVERY TO A DESIGNEE

A qualified voter may designate in writing another person to pick up a ballot for them. Carry-out ballots are only available to a designee at least nine (9) days prior to the day of the election. The designee may pick up a limit of two (2) ballots per election other than his or her own ballot or ballots for members of his or her immediate family. The designee must have written authorization from the voter, present a picture identification and sign an affidavit.

VOTING AND RETURNING YOUR MAIL BALLOT

The voter must personally vote the ballot (unless assistance is required due to disability) and the voter must sign the return envelope. An Elections Office drop box is available at the entrance of our office for after hours drop off. Mail ballots must be returned by mail, hand-delivered or dropped in a Vote-By-Mail early voting drop box during early voting hours. Your ballot must be received in the Elections Office by 7:00 p.m. on the day of the election for your vote to count. If your ballot is returned late, it will not be counted.
