CITY ELECTIONS:
City of Bunnell, City of Flagler Beach and Town of Beverly Beach municipal elections will be held in conjunction with the county-wide Presidential Preference Primary Election.

*Federal holiday moves the deadline to the next business day

A closed Primary in Florida means that only voters who are registered members of a political party which has candidates on the Primary Election ballot may vote for that party's candidates.

Voters with no party affiliation are not eligible to vote for party candidates in a Primary Election.
A party change must be made 29 days prior to a Primary Election. However, all qualified voters regardless of party affiliation or no party affiliation can vote in the following races appearing on a Primary Election ballot:

- **Universal Primary Contest**: All candidates in the same race who have the same party affiliation and the winner will have no opposition in the General Election.
- Nonpartisan judicial and school board offices.
- Nonpartisan municipal (city) offices.
- Statewide or local referendum questions.

In a General Election, all registered voters may vote regardless of party affiliation.

Voter Registration

YOU MAY REGISTER TO VOTE IF...

- You are a U.S. Citizen
- You are at least 18 years of age
  (may pre-register at 16, but must be 18 to vote)
- You are a legal resident of the State of Florida and of the county in which you wish to register

Anyone convicted of a felony or declared mentally incompetent with respect to voting may not register or vote until his or her civil rights or competency has been legally restored. Amendment 4, effective 2019, grants voting rights to felons who have completed their sentences, paid fees, fines and restitution related to their crimes.

HOW TO REGISTER

You may register to vote using the Florida Voter Registration Application in person at the Elections Office, Driver’s License Offices, Public Libraries, HRS Centers and State Offices that serve persons with disabilities. You may also register by mail, by printing an application from the Elections Office web site at www.FlaglerElections.com, or by picking up an application at one of the Flagler County Public Libraries, Post Offices, City Halls, the Elections Office or other public locations. You can register to vote online at RegistertoVoteFlorida.gov

WHEN TO REGISTER

You may register to vote at any time, however registration books close 29 days before each election. You must be registered for at least 29 days before you can vote in an election. If you mail your registration application, the date your application is postmarked will be your registration date. If your application is complete and you are a qualified voter, a voter information card will be mailed to you. Your Flagler County voter registration will allow you to vote in federal, state, and county elections. You may vote in city elections if you live in a municipality.

PARTY AFFILIATION

You may register in any political party of your choice or register with no party affiliation. However, only registered party members may vote in their party’s Primary Election. Nonpartisan judicial and school board offices are included in a Primary Election. All registered voters are entitled to vote on these nonpartisan offices and on any referenda or amendment items included in a Primary Election.

EXCEPTION: If all candidates for an office have the same party affiliation and the winner will face no opposition in the General Election, then all qualified voters, regardless of party affiliation, may vote in the Primary Election for that office.

During county-wide General Elections, all voters in a district will receive the same ballot and may vote for any candidate or question on the ballot.

The unity of freedom has never relied on uniformity of opinion.

CHANGES IN REGISTRATION

It is the responsibility of the voter to notify the Elections Office of a name, address or party change. Registration changes can be made in person at the Elections Office, over the phone by calling (386) 313-4170 or you may return a completed voter registration application form by mail. You may also update your registration online at RegistertoVoteFlorida.gov.

UPDATE YOUR SIGNATURE

It is important that the Elections Office has your current signature on file. This is especially important when validating your signature on a Vote-By-Mail ballot and/or candidate or initiative petitions. If your signature has changed, you may update it at any time by submitting a voter registration application to the Elections Office. These applications are available at Libraries, Government Offices and Post Offices or by calling or emailing the Elections Office to have an application mailed to you. You may also print an application from the Elections Office web site: www.FlaglerElections.com

YOUR VOTER INFORMATION CARD

A voter information card is not a valid form of identification at the polling location. This card is for your information and lists your representative districts and polling location on election day based upon your residential address. Find the district numbers, which are listed at the bottom of your card, for U.S. Representative, State Senate, State House, County Commission, School Board, Special and Municipal districts and match these numbers with the district numbers listed in this guide to identify your elected officials. The polling location is located under your address on your card.

WHEN TO VOTE & WHAT TO BRING

You may vote by mail or in person during early voting or on Election Day. Polls are open on Election Day from 7:00 a.m. to 7:00 p.m. and you must vote at your assigned precinct. All Florida voters are required to present picture and signature identification when voting in person. All forms of identification must not be expired. The following forms of identification are outlined in Florida Statutes and will be accepted by Election Officials:

- Valid Florida Driver’s License
- Valid Florida Identification Card (issued by the FL Dept. of Motor Vehicles)
- U.S. Passport
- Debit/Credit Card (with photo or signature)
- Military or Student ID
- Retirement Center ID
- Neighborhood Association ID
- Government issued Employee ID
- Public Assistance ID
- Florida Concealed Weapon License
- Veteran Health ID (issued by the Dept. of Veterans Affairs)

PHOTO & SIGNATURE IDENTIFICATION IS REQUIRED

If you do not present a valid and current picture and signature identification at the polls, you will have the option to vote a provisional ballot.
Our Voting System

VOTING IN FLAGLER COUNTY

Flagler County voters use the DS200 Digital Scan Precinct Tabulator when voting in person.

Each voter at the polls will receive a paper ballot inside a secrecy folder. The voter records their vote by completely filling in the oval next to the candidate or issue of his or her choice by using the pen provided in the voting booth (black pen if voting by mail ballot).

After voting, the voter takes his or her ballot to the DS200 tabulator and inserts it into a slot on top of the machine. The scanning device reads the votes cast and deposits the voted ballot into a locked ballot box.

With the DS200 voting system, if you overvote a race (voting for more candidates or issues than allowed) or if you leave your ballot completely blank, it will be returned to you when you insert the ballot into the ballot box. This gives you the opportunity to correct your ballot so that you can be sure that every vote counts. If you need assistance to vote, you may request the assistance of two election officials or another person of your choice.

If you make a mistake on your ballot, you may return that ballot to the Elections Official and obtain another ballot. Florida law states that you may obtain up to two replacement ballots. If you have requested a ballot by mail and choose to vote in person, your ballot issued at the polls is considered your second ballot.

HOW TO MARK YOUR BALLOT

UNIVERSAL MARKING DEVICES

In April 2017, in compliance with state law, Flagler County upgraded the voting system to include one accessible, ballot marking device with audio capability per precinct to allow voters with disabilities to vote in secret and without assistance.

The ExpressVote Universal Voting System utilizes touch-screen technology that produces a paper-based record for tabulation. Headphones are available for the option of an audio ballot. A braille keypad can be used to make choices on the ballot. The ExpressVote will not allow a voter to overvote a race and will alert the voter if a race is left blank. This equipment allows any voter with a disability to vote independently and without assistance. It's also helpful for voters who need high contrast or large text display.
**VOTING BY MAIL**

Any registered voter may vote by mail. A mail ballot may be requested for a specific election or for all elections through the next two regularly scheduled General Elections. The request can be made in person, by telephone, by mail, or by using the online form (visit [www.FlaglerElections.com](http://www.FlaglerElections.com)). Requested ballots are mailed approximately five weeks before an election. Later requests are mailed immediately. Only the voter or a designated member of his or her immediate family or legal guardian can request a ballot for the voter. Immediate family means the voter’s spouse or the parent, child, grandparent, or sibling of the voter or of the voter’s spouse. Vote-By-Mail ballots are not forwarded by the U.S. Postal Service; provide your mailing address and contact info at the time of the request. Ballots mailed to an address other than the address on the voter registration record require a written request signed by the voter.

**DELIVERY TO A DESIGNEE**

A qualified voter may designate in writing another person to pick up a ballot for them. Carry-out ballots are only available to a designee at least nine (9) days prior to the day of the election. The designee may pick up a limit of two (2) ballots per election other than his or her own ballot or ballots for members of his or her immediate family. The designee must have written authorization from the voter, present a picture identification and sign an affidavit.

**VOTING AND RETURNING YOUR MAIL BALLOT**

The voter must personally vote the ballot (unless assistance is required due to disability) and the voter must sign the return envelope. A secure drop box is available at the entrance to the Elections Office for after hours drop off. Mail ballots must be returned by mail, hand-delivered to the office or dropped in a Vote-By-Mail early voting drop box during early voting hours. Your ballot must be received in the Elections Office by 7:00 p.m. on the day of the election for your vote to count. If your ballot is received late, it will not be counted.
